DocStar®

Cloud and On-Premises ECM

technologies

## 18 Years of Experience in Every Cloud

**docSTAR™**, founded in 1994, is an innovative software company that provides collaborative document management solutions to streamline business processes. From SMB to Enterprise, over 6,000 organizations depend on docSTAR.

**docSTAR** is a revolutionary product that's built for the web and delivers deployment choice. Customers can install docSTAR on their hardware or use docSTAR's hosted service. The same software, the same user experience, the same great results. docSTAR supports all popular browsers and mobile devices delivering access anytime, anywhere.

When deployed on docSTAR's hosted service, customers can enjoy the benefits of very low overhead and minimal startup investment, easy access via a web browser and the security of a redundant, disaster-proof data center. There is no specialized hardware to manage and there is no up-front capital investment. Although designed using robust enterprise architecture, docSTAR is flexible and affordable to meet the needs of a small office or enterprise environments.

- ★ Cloud based. High speed access from any browser device
- ★ Leverage Smart phones, tablets and iPads
- ★ Quickly streamlines document processes and reduces errors
- ★ Elegant, intuitive design reduces learning curve
- ★ Minimize business risk associated with lost files
- ★ Files can be easily and securely shared with others

DocStar®

## docSTAR The easier, faster, smarter cloud-based document management solution.

**Flexible** - Increase or decrease your users and storage requirements based on need. docSTAR grows with you.

**Ready When You Are** - With hosted docSTAR no hardware is required. Launch a browser and go to docSTAR. No worries about setting up servers, configuring applications or any other 'fun' stuff. With docSTAR, you will be 'conquering the clutter' in no time.

**Mobility** - Users have 24/7 access to docSTAR and their files from virtually anywhere in the world via a browser and internet connection.

**Safe and Secure** - Whether you use docSTAR is a hosted solution or install docSTAR on your server your content is rigorously protected using state of the art security technology.

### Improve Performance - Quickly & Easily

docSTAR offers users an extremely elegant and intuitive interface. All information a user would need to use is right at their fingertips, in one easy-to-understand 3-panel display that can be accessed from anywhere via a browser and Internet connection.

### Accelerate Business

- ★ Quickly locate documents.
- ★ Perform actions & tasks on files to ensure filing accuracy.
- ★ Capture documents via scanning or importing.
- ★ Organize the way in which to process documents.
- ★ Share information with others... all from one place.

### Experience Cloud

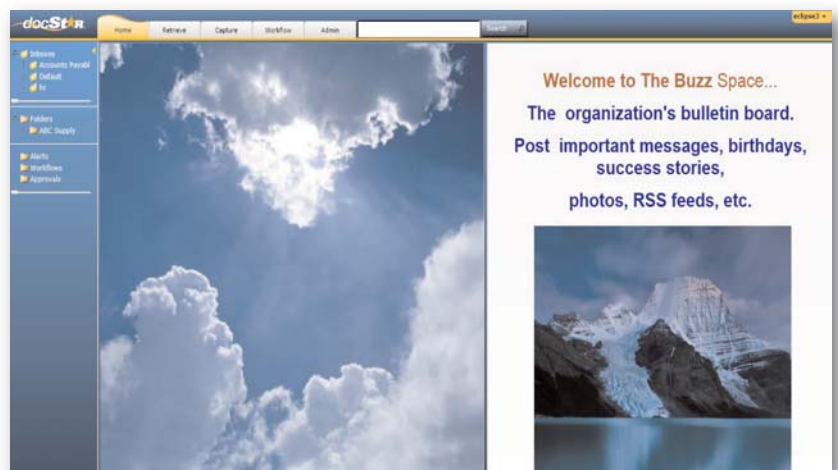

- ★ Your server (private cloud) or our data center. The same software, the same user experience, the same great results.

### Content Management... Simply Better

- ★ Easy, elegant, ultra-intuitive user interface.
- ★ Mobility: Smart phones/tablets.
- ★ Powerful, fast search & retrieve.
- ★ Capture via multiple devices.
- ★ Powerful Workflow engine.
- ★ Auditing, Native Files & E-mail.
- ★ Manager Administration Tools.
- ★ Context Sensitive Help.

Workflow-enable your smartphones, tablets and notebooks. Instantly access key information and extend collaboration to users on the go.

The right panel is a unique offering with docSTAR. We call it the “**Buzz Space**”. This is a customizable area for company announcements, advertisements, alerts – whatever.
